

As everyone knows we are approaching the 68th anniversary of the Military Police Corp Regiment. Planning is already in the works and we need to solicit input from all of you to identify a theme that captures the essence of today's Regiment visualizing where we are headed into the future. In addition, GEN Casey has deemed 2009 the "Year of the NCO". BG Phillips has stated that he would like this years anniversary theme to incorporate that intent in some way. We need the leadership of the MP Corp and everyone within our ranks to be creative while providing suggestions for this years theme. Like all good "Tag Lines" it should be short, capture everyone's attention and be thought provoking. The Commandant would specifically like the theme to be geared towards the future and incorporate the Year of the NCO in some way. Push this request to the lowest level so that all Soldiers have a voice in this effort.

Please include the individuals name that the theme suggestion originated from. The person who submits the selected theme will receive a Coin of Excellence, Certificate and Anniversary T-shirt.

Submit to USAMPS HQ leon.usamps@conus.army.mil

Suspense is 01 JUN 09.
